\$100 Rain Sensor Rebate

Applicant Information

Name: _____
Firm Name: _____
Mailing Address: _____
City: _____ State: _____ Nine-digit ZIP code: _____
(please use nine digit zip-code)
Phone: () _____ Fax: () _____
E-mail: _____

To receive a rain sensor rebate:

- The property must be a commercial, institutional or multi-family water customer located in one of the water providers listed on the left and have an existing, fully operational automatic irrigation system that can be connected to a rain sensor. Systems with multiple controllers are eligible for a rebate for each controller.
- The application must be complete. The rebate will not be granted until the application information is confirmed and accurate. Rebates will not be granted for rain sensors installed prior to November 1, 2002. Complete an application for each service address.
- All receipts for the installation of each rain sensor must be attached.

The rain sensor must:

- Break the circuit to the solenoid valves of the irrigation system when it has rained.
- Have replaceable absorptive disks or an anti-splash catchment system.
- Be adjustable to shut off at different amounts of rainfall.
- Be mounted above ground in an unobstructed location, well suited for gauging rain.

Send to: Seattle Public Utilities, Attn: Jenna Smith, Water Efficient Irrigation Program,
700 Fifth Avenue, Suite 4900, Seattle, WA 98104 (206) 684-5955
or fax to (206) 684-8529.
